**Note:** This schedule is not all inclusive and other fees may apply; these fees are subject to an annual adjustment.

### Instructions:

The annual encroachment fees for wireless communications facilities in the rights-of-way categories above shall be administered according to the following rules:

- 1) The fee structure shall apply to the installation of any antennas, antenna structure, ground equipment, electronics, cabinets, power supply, power supply installed for the purpose of the wireless communication facilities and other appurtenances required or associated with the operation of a WCF in the city's rights-of-way (ROW), city easements (CE), and public utility easements (PUE).
- 2) All WCF in the ROW, CE and PUE must have a wireless communication license (WCL) submitted to the city for each WCF site installed and operated in the ROW, CE, and PUE.
- 3) WCF sites in ROW, CE and PUE that are modified, upgraded, extended or enhanced shall be subject to the most current fee schedule.
- 4) Antenna Structure and Base Fee - In cases where the existing vertical element is replaced for structural purposes with a pole designated to support the antennas and cabling, the WCF will be categorized as being installed on an existing vertical element. There may be a linear foot fee for fiber that runs outside the footprint.
- 5) Ground Equipment Fee - The ground equipment measurement is calculated by the size of a four-sided "box" (parallel sides of equal length) with a top panel that is parallel to the ground so that the box will cover the ground equipment from the top of the equipment to the ground (non-improved dirt surface), and from side-to-side, including any foundation or pad for the equipment. For situations where there is more than one ground equipment fixture or cabinet (adjacent to each other or within the same use are), the equipment fixtures, cabinets and generators are deemed to be part of the same contiguous ground equipment space and will be Plus Transaction Privilege (Sales) Tax, where applicable.

measured together within the same box. Any remote radio heads or remote radio units mounted to a cabinet post, or wall in the same area with the ground equipment shall be included in the measurement for the ground equipment.

6) WCF sites that have antennas installed on a vertical element in ROW, CE and PUE, but the ground equipment installed on private property, will be assessed the applicable antenna fee.

7) WCF sites with antennas on a vertical element located on private property, but the ground equipment in the ROW, CE, and PUE will be assessed the applicable ground equipment fee.

8) WCF installation shall be reasonably coordinated and co-located with the city and other wireless providers to accommodate co-location opportunities for common installation and placement. The applicant shall demonstrate that the engineering of the WCF and the placement of ground-mounted equipment will accommodate other wireless providers.

9) The annual WCF in the ROW permit fee does not include fees and charges for any other city fees, taxes, permits, plan review fees, inspection fees, or any other services or approvals that may be required by the city.

10) WCF applications shall obtain an encroachment permit for installation and an annual maintenance/emergency permit to work in ROW after initial construction.

### **WCF Guidelines for Construction of Facilities/Equipment:**

WCF located on existing or replaced street light poles, parking lot light poles, and street sign poles, are subject to the following criteria:

1. Each WCF shall be identified by a permanently installed plaque or marker, no larger than four (4) inches by six (6) inches; clearly, wireless communications service provider's name, address, e-mail contact, and emergency phone number.
2. The replacement pole and WCF shall not increase the diameter of the existing pole by more than sixty (60) percent, not-to-exceed eighteen (18) inches total, or increase the height of the existing pole by more than six (6) feet;
3. Antennas shall be limited to snug-mount, canister-mount, and concealed antenna;
4. All cables shall be located inside the pole or within an encasement to hide all cables colored to match the pole and oriented to a side with the least visual impact and be rated for 600 volts;
5. Street light construction and pole replacement shall match build type of existing street light poles per Mesa standard details and specifications M-70 through M-78.02;
6. Equipment cabinet:
  - a. Shall be screened, pad mounted, inconspicuously placed away from signage and window views; low profile cabinets, placed adjacent to property line or clustered by existing facilities, or within a vault; placed two feet from proposed or existing sidewalk
  - b. Equipment cabinet locations shall comply with the height and development standards of the underlying zoning district; setback shall meet the yard development standards and setback requirements of the underlying zoning district, except as otherwise permitted herein;
  - c. Equipment is required to be screened by a screen wall, painted, and/or landscaped. Screening shall blend with or enhance the surrounding context in terms of scale form, texture, materials and color. WCF shall be concealed as much as possible by blending into the natural and/or physical environment. All screening shall be at the discretion of the city.

Plus Transaction Privilege (Sales) Tax, where applicable.

Description of Services:	Fee/Charge	Unit	Revenue Code	Date Last Revised
<b>Fee Policies</b>				
<b>Fee Assistance</b> – The fee assistance program provides financial assistance to participants in selected programs when participation would otherwise not be possible due to economic hardship. Individuals who qualify for the public school free or reduced lunch program and/or federal subsidy recipients may receive a discount on selected program fees. Eligible programs are identified with an asterisk (*).				
<b>Scholarships</b> – Scholarships may be offered for participation in selected programs when an outside source provides funding that either covers the entire program or a portion of the registration fee according to the terms of the financial support. Scholarships are available for Mesa residents only.				
<b>Refunds and Credits</b> – Refunds or credit may be given to a household account for reasons of illness, emergencies, etc.				
<b>Fee Adjustments</b> – It is understood that on occasion special consideration may be needed in determining fees for groups or individuals having circumstances uncommon to those in the fee structure criteria. In these cases, the Parks and Recreation Director (or designee) will review all such requests. Request shall be submitted in writing to the Director (or designee) prior to the event, activity or service. The request may be taken to the Parks and Recreation Board for consideration, as determined by the Director.  In addition, the Director is authorized to institute special discounts, promotions or other short-term fee adjustments that are of benefit to the City, program and/or service.				
<b>Satisfaction Guarantee</b> – Mesa is so confident that its classes are of the highest quality that a money back guarantee is offered. Within the first week of class, if a participant is not completely satisfied, 100% of the class registration fee will be refunded.				
<b>Contracts/Agreements</b> – Individual contracts or agreements are negotiated with various community groups that establish specific fees and charges as part of the approved contract or agreement. Examples include Mesa Public Schools, Gilbert Public Schools, Mesa Convention and Visitors Bureau, and Mesa Parent Youth Athletic Association.				
<b>TimeOut Brochures</b> - Printing and marketing costs associated with division brochures are included in program fees.
